Sentinel NPU

The On-Device Confidential Workspace

A SOLUTION DESIGNED FOR SNAPDRAGON-POWERED HP PCS

THE ENTERPRISE PRIVACY GAP

Cloud AI violates strict data privacy laws.

Legal, medical, and HR data cannot leave the device.

INTRODUCING SENTINEL NPU

100% Offline Multimodal Assistant.

Transcription

Real-time offline dictation.

Redaction

Automated PII removal.

Security

Anti-shoulder-surfing screen blur to ensure privacy.

POWERED BY QUALCOMM AI HUB

Three concurrent models. One NPU.

1

Audio

Whisper (Base/Small)

Continuous low-latency transcription.

2

Text

Llama 3 (8B Instruct)

PII extraction and summarization.

3

Vision

YOLOv8

Lightweight webcam facial detection.

THE SNAPDRAGON & HP ADVANTAGE

45 TOPS

Hexagon NPU performance.

Concurrent Execution

Audio, Text, Vision simultaneously.

Thermal Efficiency

Zero throttling on HP OmniBook.

Power Draw

100x reduction vs. CPU.

READY FOR DEPLOYMENT

Enterprise Impact.

Target
Doctors, Lawyers, HR Leaders.

Format
Standard Windows desktop executable.

Connectivity
Zero cloud dependency.
